

*A Quality Automatic Carbon Filter for Removal of Chlorine, Chloro-Organic compounds and Contaminants.*

**T**his fully automatic **CFA 1** eliminates chlorine, chloro-organic compounds and contaminants. Improves taste, odor and color of your water with a Hydroflo CFA 1.

If your water is bad tasting use the Hydroflo CFA 1 to give you good tasting odor free water.

The fully automatic CFA 1 is our 1 cubic foot activated carbon filter applied for the removal of various tastes and odors. This unit will also remove certain petroleum based contaminants. The carbon media must be replaced when full adsorption is reached.

The CFA 1C uses a unique carbon for sulphur removal.

### **Features Include:**

- 💧 Non-Corrosive poly mineral tank.
- 💧 Six Day Controller.
- 💧 Automatic Bypass—water available even during backwash.
- 💧 Top Quality Long Life Media.

**CFA Control**

A 3 cycle filter control with a backwash, purge and service cycle. Eliminating steps not needed in filters requiring backwash only.

**1256 Noryl Bypass is included**
